CREATING AND EMPOWERING THE VILLAGE

Many are familiar with the African proverb, "It takes a village to raise a child." It means that an entire community must positively interact with children for them to grow in a safe and healthy environment. In short, the village looks out for the children. Creating and empowering a strong and vibrant village is at the heart of what we do every day at Orchards.

The way we create the village is listening to what our families and children need and evolving to meet their needs. Orchards has changed several times in our almost 60 years of existence. From our humble beginnings with the National Council of Jewish Women as a residential home for Jewish boys, we added foster care and adoption services. When we saw the rise of high-risk situations that often led to foster care, we decided to strengthen the village by offering family preservation programs. Annually, Orchards family preservation programs serve thousands of families in fifteen counties. With the help of the village, over 90% of those children were able to remain in the home.

The one constant in Orchards programming is our mission – Strengthening the community through quality services to children and families. Our Board and Staff remains focused on this mission and we look to it to guide our decisions. It is through our mission that we are pleased to report our most recent additions to our service continuum in education and job readiness.

Orchards recently implemented the ParentChild+ program with a grant from the Ballmer Foundation that provides assistance to Detroit area children ages 16 months to four years old. This program offers in-home services that focus on enhancing parental involvement while providing assistance with the educational needs of their child(ren).

The Orchards Promise Scholarship program was established with the help of several foundations and individuals in the village. The scholarships allow academic opportunities for youth beyond their high school years.

Orchards is continuing its efforts to strengthen the community "the village". If asked, "Who serves children and families in need of support and advocacy on a daily basis?," the answer is WE DO!! It is in that spirit that we invite you to support us in our mission, so when asked the same question, you can respond, I DO!!!

You are vital to the growth and sustainability of the village. We appreciate your assistance in helping us empowering "the village" to better serve our children. On behalf of the Board of Directors, Executives and Staff we say **"THANK YOU!"**

Orchards Children's Services

FOSTER CARE

Orchards Children's Services continues to provide a temporary environment for Michigan's most vulnerable children who need a safe, loving home where they can recover, develop and grow. The foster care program supported 323 children to permanency through reunification with biological parents, adoption or Independent Living over the past year. Placement Services Staff continue to recruit new foster and adoptive parents as well as independent living providers who are able to meet the needs of children requiring placement.

ADOPTION

In 1986, Orchards Children's Services entered the adoption field. Since then, we have completed over 3000 adoptions, including placing 53 children in adoptive homes last year. Recruited families come from all walks of life. Although most of the children are adopted by a foster parent or relative there is no "typical" adoptive family and there continues to be an ongoing need for families willing to adopt older children. In an effort to support adoptive families, the Orchards offers an array of services and resources such as training and education to assist children and their adoptive families.

FAMILY PRESERVATION

Orchards Family Preservation Programs continue to provide services to high-risk families to prevent the placement of children in foster care. Orchards preservation programs have expanded and now serve 8,000 children in fifteen counties throughout southeastern Michigan.

Family Preservation services are offered for a wide variety of families ranging from those who are having difficulty assisting their child(ren) to attend school regularly, to those with youth returning home after residing in a residential, juvenile justice, or foster care placement, to those whose children are at risk of being removed due to domestic violence. Orchards works with many domestic violence shelters such as

Haven in Oakland County, SafeHouse in Washtenaw County, LACASA in Livingston County, and First Step and Interim House in Wayne County to assist families leaving the shelters as they obtain housing.

The primary goal of preservation services is to help families safely parent their children by the teaching of parenting skills, providing concrete and therapeutic services as well as community linkages so families can sustain their gains after Orchards services close.

On call 24/7, workers assist families with the formulation and follow through of specific safety and crisis plans around situations that may pose a risk to child(ren)'s wellbeing and safety. They teach a variety of life skills, including household organization, accessing community resources, budgeting, nutrition/meal planning, and child management techniques. Parents are then able to help their children develop responsibility and confidence. Periodic follow-up visits have shown us that families continue to benefit from these learned skills.

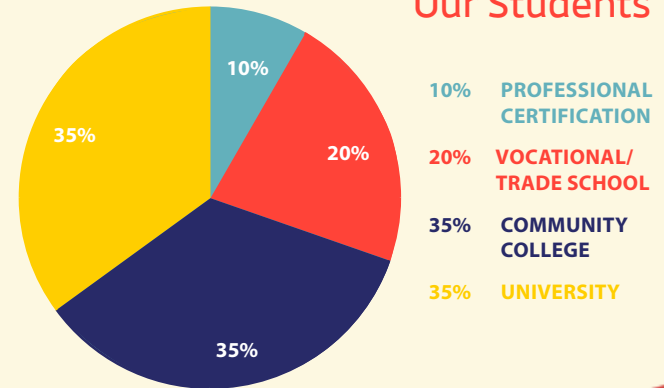

WHO DOES THAT...? YOU DO...!

Provide Educational Opportunities for Orchards Youth!

Since 2014, Orchards has provided support to promising youth in their pursuit of higher education. Orchards Promise Scholars are eligible for financial support, life skills, and round-the-clock access to the college success coach and mentor. Over 20 students have furthered their education through this unique program.

ORCHARDS YOUTH BOARD

“EDUCATION IS THE PASSPORT TO THE FUTURE, FOR TOMORROW BELONGS TO THE ONES WHO PREPARE FOR IT TODAY.” - MALCOLM X

This quote describes one of the biggest lessons I learned from Orchard’s Youth Board. I remember one Youth Board meeting at the Freedom House where an immigration lawyer came to discuss conflict pertaining to immigration. I remember how interested we all were, everyone was eager to find solutions for these issues. I was delighted that the group was being exposed to the real and sometimes cruel world we live in. Not only did that meeting teach me the value of education and how to make a change, it taught me the responsibility to look out for, and be a role model for young children.

When I think back to the “Shopping with the Lions” event that the Youth Board participated in, I remember sitting next to a very quiet little boy after the event was over. I was curious to hear about how his shopping went, and what was most exciting to him about the evening. We began talking about his favorite item which was a book. I was surprised as I thought it would be a toy like the other kids. He went on to tell me

how he was teased at school for enjoying reading and doing math problems at recess. He then tells me that his knowledge is his “super-power”; I had agreed it was indeed. His last words to me were, “I can’t wait to be big and smart like you when I grow up.” It was those words that made me realize how big of a role I have; it made me realize how much of a positive impact I have on young kids. This one experience has stuck with me and has continued to motivate me to be the most knowledgeable person I can for the sake of making change and being a positive image for the youth. Those few interactions and lessons learned from being on the Youth Board has really shaped me. It has exposed me to so many different people and communities that I wouldn’t see or meet otherwise. It has contributed to who I am today.

Being the President of the Youth Board taught me even more. I’ve learned the qualities of leadership and initiative. It has given me the opportunity to listen to my peers, and be their voice. The Youth Board has changed me for the better. I am now more hands-on and ready to prepare for the next task. Being in a leadership position has also given me the push to strive to do better! I have made so many great friendships with so many other high school students from all over the state and we have shared heart-warming experiences together. The Youth Board has been, by far, one of the most impactful things to experience and has brought me so much joy!

WHO DOES THAT?

WAYS TO HELP!

Listed below are the many ways **YOU** can help!

You can use enclosed envelope to ***Make Your Donation Today!*** To donate, or for more information please visit **orchards.org**.

BECOME A DONOR

Larry Culley Build

& Bike Day: Help provide hundreds of our children with a brand new bike, helmet and lock.

Back 2 School: Help send students from Kindergarten through 12th grade back to school with the tools they need to be successful.

Orchards Summer

Adventure Camp: Give the gift of summer by helping send children to summer camp across the state of Michigan.

Gerald L. Levin 'Champions for Children' Signature

Event: Sponsor the annual Champions for Children event where we honor those who help move us forward. This event takes place every May.

Thank you for your past support and for volunteering!

GIVE THE GIFT OF EDUCATION

Orchards Promise

Scholarship: Support our college-age youth by helping them achieve their goals of success post high school.

Parent Child+ Program:

Orchards Early Learning Specialist provides free educational toys and books to disadvantaged children ages 16 months to 4 years old, twice a week to show the parent educational fun ways to help their child learn through play.

BECOME A VOLUNTEER

Orchards Women's

Leadership Committee

(OWL): Become a part of a diverse group of woman with one common goal – to help support children and families at Orchards!

HOLIDAY SEASON OF GIVING... Food and Toy Drive

Every year from October to December Orchards kicks off its Spirit of Giving campaign! Become a part of the MAGIC by contributing or hosting one or more of these drives. Your gift ensures our children and families do not go without during the holidays.

WORK PLACE SAFETY

In 2018 Orchards continued its relationship with Keene Training and Consulting to provide staff with informative and practical training. Keene's trainers are all current law enforcement or retired military personnel. Training topics included Active Violence in the Workplace and Hands on Self-Defense training. Violence in the workplace is unfortunately a reality in today's world and making sure our staff are the most prepared they can be is of the utmost importance. Keene will conduct a verbal de-escalation training called Winning with Words in May 2019.
